Till a renting value of 350 € exc.VAT, the renting fee has to be paid by cash on delivery or has to be paid in advance by bank transfer.

Over a renting value of 350 € exc.VAT, the half of the renting fee has to be paid 2 days before the delivery by wire transfer and the remained value has to be transferred against the final invoice in 15 days.

## GENERAL INFORMATIONS ABOUT THE FURNITURES AND THEIR RENTING

### Characteristics of the furnitures

The inner light of the furnitures operates with 230V AC or battery with RGB LED unit.

The light source inside the furnitures is a 230V AC / 9W RGB LED bulb.

The colors of the RGB LED bulb and the battery RGB LED unit can be changed between the pre-programed colors with IR remote controll.

The battery lasts 8-9 hours approximatly. The charging time is about 8-10 hours.

Because of the 230V electricity operation, the furnitures need electric cables to be installed. The individual items of furniture can also be operated from each other, so only one power supply is sufficient for the operation of a furniture group.

Most of the furnitures can be used in open air with tehe electric installations as well (IP 55). Please in case of open air usage contact us first to discuss the conditions.

### Conditions of the renting

The prices in the price list don't include the VAT and delivery and site installation cost. The prices are calculated for one day renting.

The minimum renting order we accept is 65 € without VAT.

In case the renting amount is over 850 €, we don't calculate extra fee if the customer orders the transport and the installation the day before the event.

The furnitures are not allowed to be picked up from our warehouse because the transport and installation have to be arranged by our staff.
